

MONSIGNOR FEE

PERSON

Catholic Elementary/Junior High

September 21, 2023

Dear Parent/Guardian,

Welcome to the 2023-2024 school year! Please be informed that throughout the school year, a member of our Speech-Language Pathology Team may visit your child's classroom to provide classroom-wide support and programming. This programming is intended to benefit all students and may involve presentations such as:

- using clear speech
- direction-following strategies
- story-telling or story writing skills
- how to talk with a nonspeaking peer who uses an Augmentative & Alternative Communication (AAC) device

If it is determined that your child would benefit from more individualized support, the Speech-Language Pathologist assigned to our school will contact you directly to discuss.

Sincerely,

Julieta Zelada
